● The announcements in July 5 Tama City Bulletin (Koho) have been changed !

- Due to changes in the supply from the government, not Takeda/Moderna but Pfizer vaccine will be continuously used.
- The reservation of 1st vaccination at the group site during July 14 (Wed) and July 31 (Sat) came possible. However, please be careful, at the 2nd dose, the group vaccination site shall be Link Forest (Tsurumaki 3-5-3).
- In August and September, the group vaccination site shall be only Link Forest. Please note that Sekido and Nagayama community centers shall not provide the group vaccination.
- At Link Forest, the group vaccination shall be administered about 20 days a month including weekdays, Saturdays, Sundays, and holidays, in the afternoon (noon to 4PM) and in the evening (5:00PM to 8:00PM). Approximately 1,500 people a day may receive vaccinations by increasing number of pre-screening and vaccination lanes to 6.
- In August and onwards, the shuttle bus service from Tama Center Station to Link Forest is planned to continue. The details shall be posted on the official website upon fixed.

● The individual vaccination is administered at the medical institutions in the city

- Please check the official website for the medical institutions providing individual vaccination.
- When such medical institutions are added, we will advise it by City bulletin (Koko) or official website.

※ Please refrain from making direct inquiries to the medical institutions, as it hampers their daily medical services ※
