● **October is "Food Loss Reduction Month" - Let's reduce "food loss" at home through daily mindfulness!** Wednesday, October 16 is the "World Food Day", which is designated by the United Nations to consider global food issues. In Japan, 4.72 million tons of still edible food is wasted annually. Of these, 2.36 million tons come from households. Why don't you reduce household waste by not buying too much and eating it up? Tama City is promoting 4Rs, i.e. 3R (reduce = reduce waste, reuse = repeating use, recycle = reuse as a resource) plus one more R "refuse to generate waste". ◆Contact: Resource Recycling Promotion Division ☎: 042-338-6836 ID: 1002163
